Industry	Steel Service Center
Internship Title	Manufacturing / Maintenance Apprentice
Hours per Week	40
Rate of Pay	16.00/hr
Start/End Dates	6/30/2024 - 8/2/2024

About Company

Since 1985, Coilplus has dedicated itself to becoming one of the most trusted names in flat rolled Carbon steel, Stainless Steel and Aluminum processing in North America. Our customers expect nothing less than excellence and we enjoy keeping our customers satisfied and loyal. From the administrative staff through the company ownership, everyone who is a part of our Coilplus family understands that four strategic principles are what make our story a successful and prosperous one.

Position Description

Performs routine preventive maintenance and repairs on production equipment and systems (e.g., mechanical, electrical). Evaluates and recommends equipment improvements to improve efficiency, capability, and yield. Troubleshoots and diagnoses equipment problems.
